

Devil's Ascendancy

11/1/2015

We used to hear the devil goes to church. Well, these days in some denominations, over 40 at last count, the devil has been invited to stand behind pulpits to preach and carry out the duties and responsibilities of a pastor; he has been granted ascendancy, by the 'leadership' and those who support their actions, in those churches. Years ago, I wondered what the 'great falling away;' that is, apostasy of the church, how would it happen, and what form would it take. I am seeing it unfold and I am sickened as people truly pervert the very gospel of Jesus seeking to twist it into something unrecognizable and preaching damnable heresies. I do not care how dignified the people try to make sin, sin is sin and wrong is wrong. The law of God is absolute and no law of the land will change it nor any branch of government or church. To the church 'leaders' who have abandoned the truth and caved in to public pressure and are leading parishioners astray, your covering has been removed.
