SUBJECT: Series of Prophetic Items

Dear Brothers and Sisters,

I continue to pray for those in the body of Christ who have ears to hear that they may hear the word of the Lord in all ways. My heart is strongly in favor of the children of God who strive to enter at the straight gate.

Many do not know me, so the Lord has permitted me to briefly describe by beginning. The call into the prophetic began with a series of dreams. I was nine years old in 1958 when I experienced multiple times what I came to know as abortions. I was lying on my back, legs up and spread, my feet in stirrups. The doctor was looking down at me, and was wearing a mask, green hat and surgery clothes. The light above me was large and very bright. A swinging door could be seen behind the doctor. The walls had green ceramic tile on them. The doctor began cutting my flesh and after having done so, took the flesh he removed and placed it in a very shiny metal tray, as I watched, the flesh was destroyed. Fourteen years later, 1972, abortion was legalized.

The Lord has been strong upon me to deliver to you what He has so graciously shown; therefore, I must do as He has instructed.

1. The activity of Christians during the 1991 “Summer Of Mercy” was a tragedy. The church did not focus on the centrality of Jesus Christ; rather, its focus was on abortion, Randall Terry, and Keith Tucci. Because of the lack of focus, Christians, on occasion, fastened their children to cars and fence posts; symbolically, children were sacrificed for the children being sacrificed. When those of the church’s ranks were led into buses and then into the jail, Jesus stood in the hallway while the doors were being closed upon them. The church forgot at the outset of the protest that weapons of its warfare are not carnal, but mighty through God to the pulling down of strong holds. The church wrestled with flesh and blood rather than principalities, powers, and rulers in high places; the enemy was mis-identified.

2. Wisdom is justified of her children. In the short run, the impact of anti-abortion protest activities seemed good, because people in Kansas and other states became acutely aware of abortion. In the long run, however, the effect was *not* favorable; Tiller, for example, increased the size of his building. Additionally, local, state, and federal legislative bodies passed laws against anti-abortion protesters. If the church had possessed, prior to the protest, a heart of understanding to discern between good and evil, God would have revealed His pure plans, purposes, and pursuits.

3. In the heat of the abortion protest, Satan's minions descended upon Wichita to quell the disturbance; that is, restore order. The Christians were to be driven back into their church building where they could do no more harm.

4. The Lord revealed in a vision, congregations of people in their church buildings. The people are standing with their hymnals open praising God, blood dripping from their hands. These are those in the congregations that wink their eye at abortion; they regard iniquity in the minds and in their hearts.

5. The Lord revealed last year that ten persons in this city will die for every child killed through abortion in this city. Entry into the womb for the purpose of destroying children touched the face and heart of God. Those who would die would be any who regard the iniquity; that is, those who are not grieved by abortion in their hearts and minds. God revealed last week that the stay of destruction in this city is due to the prayers of His intercessors.

The Lord showed in a vision an angel of the Lord, in Wichita. The angel's right foot is on the geographical center of Wichita, the left foot in the statue of the Indian. The angel's sword is drawn.

6. A spiritual Devil's tower, a replica of the monument in the state of Wyoming, towers directly over Tiller's building. The tower is very high and its top is flat. The tower is taller than any building in Wichita, and is the vantage point of a demonic ruler in Wichita. The demon directs the activities of Satan's minions in this area.

7. I saw a upheaval of dust in the distance from what appeared to be a stampede. I thought perhaps the stampede were the lost coming toward the churches to be saved. Immediately after thinking the thought I saw something appear. The figure had something on top of it. As the figure came closer, I recognized a rhinoceros with a horn of at least five feet high. I wondered about the horn and understood it represented authority. Whatever this rhino represented it had tremendous authority. I asked the Lord what the rhino represented and He said, "Satan." I then asked the Lord four questions, one, what will be the evidence of his arrival? two, what is the reason of his coming?; three, when will he arrive?; four, what should the children of God do to prepare? I thought about the answers to the questions. The Lord spoke and said, "Man, should not seek to know the deep things of Satan; rather to know the deep things of God. As for the fourth question, the children must write the Word of God upon the tables of their heart. The children must abide in the Word of God, and wear all the elements of the armor of God." When Satan arrived in town we saw awesome evidences; one just recently was when a person ran down a youth with his vehicle. The purpose of Satan's visit was to support, among other things, the work of abortion in this city.

8. Volcanoes are linked one to another. Abortionists in the U.S. and around the world are linked to Tiller. When Tiller's abortion business falls others will also fall. Tiller's focus is threefold; pride, money, and hatred of humanity. The sword of the Word

of God must be laid at the root of Satan's citadel to sever the root of the love of money. The demonic rulers in high places in Wichita must be identified and bound by the Spirit of the Lord. Jesus said to be wise as serpents, but gentle as doves.

The church must not tolerate the sin of abortion in this city. The church has a responsibility to identify and route sin. Just because the church lives in an increasingly politically correct environment does not relieve it from speaking the unvarnished truth. The church must understand that judgement must come first to the house of God. God will not judge the ungodly before he first purges His own house. The church can not make judgement against the world without first judging themselves. The church must repent collectively of the sin within the church. The church must rise from apathy, and repent individually and collectively of pride, and the love of money.

9. The word 'revival' is on the lips of many Christians. Unfortunately, they do not know that God can not begin revival on a grand scale, and bring together the campfires of revival being worked in various denominations around the city because of the sin of pride and the love of money. Regarding pride, the Lord said, "As a terrorist takes responsibility for their terrorism, the church would take responsibility for revival. Denominations would say, 'It started here!'" The Lord showed a vision of a work beginning in a non-descript building where street people and other unsaved people would go and hear the Word of God. The fire beginning there will shoot upward and expand outward consuming the entire city including the churches and their revivals.

10. As I drove northward on Rock Road, I looked out toward the city. Over the city was a dark cloud that appeared to be smoke from a fire. The smoke I witnessed did not have the characteristics of a building on fire. I wondered about the smoke. About three days later I drove south on I-235, and as I crossed the big ditch I looked again toward the city and saw many plumes of smoke. I asked the Lord what the smoke was and He immediately stated, "They are the smokes from the fires of iniquity in this city."

11. A few months ago, while praying for the church and confessing its sins, the Holy Spirit suddenly cut across my thoughts and emphatically stated, "I do not say that you should pray for them!" The Lord's statement startled and bothered me. I thought that, certainly, God wanted prayer for His Church. I prayed again for the church and met the same stern statement. I pondered what was happening. After asking the Lord why prayer was not to be made for the church He gave the following chilling answer: "Because they are a stiff-necked people." I questioned the Spirit then exactly how to pray. A thought was given to me and I prayed thusly, "Father, I pray for those who have ears to hear that they hear the word of the Lord." Immediately, I knew I had God's attention. If people will incline their ears to listen they will hear God speak; thus, the meaning of 'ears to hear.'

God is shaking his church, and those who have ears to hear will be spared; however, those who are not stirred by the shaking will not be spared when destruction comes.

There are those who have and those who are making a quality decision to live by the Word of God. Remember, Father is not willing that any perish.

Prayer, together with word of God, unhindered by denominational doctrines and traditions, is the weapon of choice in spiritual warfare.

The Lord is ready to show Himself strong to all that call upon His Name, and He is not willing that any should perish. The purpose of the prophetic is to edify, exhort, and comfort the church until we all come into the unity of the Lord Jesus. The church must understand that the Lord is calling all to awaken from their slumber.

May the eyes of your understanding be enlightened that you may know the exceeding greatness of His power to usward who believe. May He give you an understanding heart that you may discern between good and evil and stand up, and do what is right. May you know the love of the Lord Jesus Christ who is the power of the One true God. There is a way that seems right to a man, but the end thereof is destruction.

Pray about what has here been presented. Each point is but a tip of the iceberg. Seek the Lord's face while He may be found. The days are very short until the return of the second coming of the Son of Man.

A mere vessel,
