### **Spy Out Our Liberty**

From an article, 'IT'S TIME' written by Don Shrader, Chairman, Constitution Party of Ohio, May 23, 2012. "A number of people wonder how could someone, specifically Obama, who studied Constitutional Law in college, be so ignorant of the Constitution? I submit to you that he did not study the Constitution to uphold it but to learn how to destroy it." The foregoing is a corollary of the following from Galations 2:4, "And that because of false brethren unawares brought in, who came in privily to spy out our liberty . . . that they might bring us into bondage." What is happening? Any takers?
