I have met and talked with people of have told me they did not understand the Word of God was written for them. They thought the Word of God was a piece of documentation, even for someone else, but not for them! No! The Word of God is right now; it is for all peoples, it tells and describes the mind of God, the Word of God is now, and it is for you, now.

I told a person written words are thoughts with clothes on. We cannot hear what people think and when they talk they describe their thoughts, but we do not possess what they say, which is why when a person writes their thoughts, such writing may be used in a court of law either for or against them.

If a person were to write and tell you there is money in a bank for you would you believe it is yours or would you think it must mean someone else? So is the Word of God for you. God Himself gave His word to the Prophets and teachers to write and share. God's written word is for all peoples to believe and act upon. The word is so powerful people may hear, act upon what they hear and benefit from what was said.

Take the Word of God, personalize it and make it yours. The following scriptures have very much to do with healing and other areas of life. They have been personalized in the first-person. Study them, think about them and speak them. The Word is for you. These words are directly based upon what we will say when we believe and say, "That word speaks to me!" At that point, we have personalized the Word of God!
